Behold, dear friends and admirers of the Eyeballed ones!

Another newsletter to add to your collection, but this time a simple note to let you know that a new full length album of '[Doctor Dark](#)' demos is released today across all streaming platforms currently known to man. An interesting insight into The Residents' working process, full of variations and twists on the final album we all know and love - fans of The Singing Resident might particularly enjoy his take on songs sung by guests on the album.

It's a wonderful thing, and we all hope you'll enjoy it.

As ever there's plenty more to show and tell - the new album, '**Animal Lover**' pREServed, a fantastic '**Way We Were**' release coming via Klanggalerie, an extensive Bandcamp site in the making..... but for now, let's enjoy The Gift, and pray it keeps on giving.

Your Pals @ New Ralph Too

Ps - *in case you missed it*, you can still grab last month's FREE 'Doctor Dark Demos' mini-album (including versions not featured on the streaming album) [RIGHT HERE](#).
